

HAPPY NEW YEAR

2025

FROM
ILIA UB D

New Year's Greeting **2025**

A message from
Director of ILIA

Assalamualaikum and Salam Sejahtera, our respected partners and colleagues,

As we welcome 2025, I would like to express my sincere gratitude for your continued support and collaboration throughout 2024. The past year has seen the successful completion of training programmes and the delivery of seminar series, including the Executive Development Programme for Middle Management Officers of the Royal Brunei Police Force. These programmes and seminars have significantly enhanced the skills and knowledge of the participants and truly reflect ILIA's commitment to advancing knowledge and empowering today's leaders.

This year, we strengthen our commitment with new training programmes, such as Data Analysis for Leaders and Managers and the Leadership Capabilities Programme for Young Executives. These inclusive programmes encourage everyone to participate as we strive to empower individuals and organisations to achieve their full potential.

ILIA wishes everyone a wonderful year ahead. May 2025 bring immense success, good health, prosperity, and meaningful growth in all your endeavours. We are hopeful and excited for the journey ahead.

Highlights of 2024

4th EDPMMO RBPF

ILIA has officially launched the Executive Development Programme for Middle Management Officers (EDPMMO) 2024. This intensive nine-week program aims to empower 20 middle management officers with critical skills and new insights into national, regional, and global socio-political dynamics.
